“Early Birds” – assistance to prematurely born babies

During the war, the number of premature births in Ukraine has sharply increased, while maternity wards capacities decreased.

Support centres "I am Mariupol"

"I am Mariupol" is not just a center of support. **It is also the hub for diasporas of Mariupol residents within Ukraine, it is the answer to urgent questions of the people and real support from local authorities.**

The centers work by analogy with the Family Support Centers, which were implemented in 2015 and worked effectively in Mariupol.

What we are doing: 1. Identification of Mariupol residents in communities 2. Information support 3. Legal support 4. Assistance in recovering and obtaining documents 5. Providing humanitarian assistance 6. Needs analysis and monitoring 7. Help in finding the missing 8. Finding and assisting in the return of deportees.
